PRINCIPAL'S MESSAGE

The Joy of Giving

The joy of giving is a slogan coined to celebrate the Canonization of Mother Teresa of Kolkata. And indeed it is a slogan befitting the remarkable legacy of a woman who left everything - her country, culture, language, family and relationship with the single motive of serving humanity. In her we have an epitome of self sacrifice and benevolence. In the history of the modern world and particularly of India the love and affection, respect and honor that Mother Teresa enjoys is not less than that of Mahatma Gandhi, the father of our nation.

Giving and receiving is part and parcel of human existence. It is part of our daily living. Is there one who has not given or received something from someone? Even our very life, we never asked for, but received out of generosity. Our parents, children, brothers, sisters, health, wealth, knowledge, and all and all - nothing is of our own. All we have received out of the generosity and goodness of the Almighty and other selfless persons. And God has given us all out of joy. He has given it all to make us happy so that we too can give and share it out of joy.

SFS is all about giving. It is about giving totally and fully. It runs through our veins. It holds nothing for itself. It gives all without counting the cost. And we give because giving make us happy. Giving brings smiles on the face of the giver and receiver. And perhaps one of the important life skills of education today is to teach the art of selfless giving that make the giver realize that there is true happiness and joy in it. SFS cannot exist if it does not give. Because, a life without giving make us unhappy. Mother Teresa taught us not only to give but give out of joy and the very act of giving itself can make one joyful. So I wish all the desalites and its stake holders, parents, teachers and associates, happy and joyful time of giving.

God bless you all

A HEALTH CHECK UP CAMP

When health is absent, wisdom cannot reveal itself, art cannot manifest, strength cannot fight, wealth becomes useless, and intelligence cannot be applied. -Herophilus.

In order to ensure a sound mental and physical health to every student of SFS, the 'Project Child' week was held at the school campus. It was conducted in the first week of August for five days. Every student went through a thorough health checkup and was provided a record and report about it. Another important highlight of the event was that the underprivileged children of the locality were also part of it. They, too were provided a free health check up under this program.

We are really proud and exuberant to acclaim that we are ready with all new hopes and hues to bring out the fifth issue of the school newsletter, 'Desalite', which will surely unfold the unravelled world of the most unforgettable and precious moments of the school. The enthusiastic write ups of our young writers are indubitably sufficient to hold the interest and admiration of the readers.

This souvenir is indeed a pious attempt to make our budding talents give shape to their creativity and learn the art of being aware because everyone believes that our success depends upon our power to perceive, the power to observe and the power to explore. We are sure that the positive attitude, hard work, sustained efforts and innovative ideas exhibited by our young buddies will surely stir the mind of the readers and take them to the surreal world of unalloyed joy and pleasure. We have put in relentless efforts to bring excellence to this treasure trove.

We sincerely would like to thank the Principal, all the teachers and my budding students for their constant support and motivation to make it a success.
