2: MAKE ME A CHANNEL OF YOUR PEACE

Make me a channel of your peace.

Where there is hatred let me bring your love,

Where there is injury your pardon Lord,

And where there's doubt true faith in you.

Ref : Oh Master grant that I may never seek.

So much to be consoled as to console

To be understood as to understand

To be loved as to love with all my soul.

Make me a channel of your peace,
It is in pardoning that we are pardoned,
In giving to all that we receive
And in dying that we are born to eternal life.

3: YOU ARE WITH ME

**You are with me wherever I go
Every moment Your life in me flows
You're always there close by my side,
You are there O Lord both day and night.**

You are with me in my mother's womb
You are with me in the days gloom
You help me stand against all odds,
And you filled me with Your strength O Lord

In times of sorrow and in times of grief,
You gave me hope, strengthened my belief
When I did fall and was in pain,
Lord You set me on my feet again.

You have known O Lord all my secret fears,
You have seen O Lord all my unshed tears,
My Lord, you know me through and through
There is nothing I can hide from you.

THE METHOD OF STUDY

All of you have to devote a lot of time for your studies but most of you find it impossible to finish the given task or assignments. Then from where can you find time to study? For this there is no magical formula. But the formation of correct study habits, will keep you free from anxiety and give a feeling of confidence.

A. Study Condition

1. Avoid all distractions. Do not let your mind wander or be distracted from what you are doing. For this, select a quiet place.
2. Keep ready all the materials you might require close at hand so that you do not waste time and energy looking for it.
3. Study under proper light, because poor light tires the eyes and you lose concentration.
4. Have a proper ventilation, for fresh air keeps the mind alert.

B. Make a plan for study

1. Keep in mind what you have to study, how much you have to study and the time you have. Have a balance between leisure and study. Organize a time table in such a way that you have fun and sufficient time for study. "All work and no play makes Jack a dull boy". Fun is essential because an exhausted mind cannot absorb what it studies.

2. Decide when to study and what to study. Make a weekly timetable. It is better to have short frequent periods of study for each subject than long hours for one. Start with interesting, easy lessons/topics and then go on to difficult ones unless they are interconnected.
3. Pay total attention to what you are studying. You will absorb more and understand better.
4. Do not study when you are tired. Relax with something light for a short-while and come back to studies. But do not confuse laziness with tiredness.
5. Understand the material that you have to learn as a whole
6. Re-learn and revise previous lessons frequently. If you have learnt ,mathematical formula or grammar rules practice them, for practice makes a man perfect.
7. Do not practice rote learning. Read the chapter carefully, understand the ideas and write the essentials points.
8. Do not learn from notes, but get the most important points and put them down in order, under headings and subheadings.
9. During the weekend, set aside something to go over the week's work concentrating on points you had not grasped. Regularity and concentration are the key words to success.

POINTS FOR STUDENTS TO REMEMBER

01. Never neglect the lesson or homework assigned. If you do so, it is like missing a train that you can never catch afterwards.
02. Always revise the work done in class.
03. Consider tuition as social evil. Avoid it by concentrating and participating in the class.
04. Never postpone what you can do each day.
05. Be enthusiastic in doing everything. Live well by doing everything well.
06. Daily show your school diary to your parents and get them to sign any remarks.
07. Make friends with studious companions. They will help you by words and example.
08. Take part in games. Recreation serves to refresh your mind and gives you new energy for study.
09. Do not flinch in the face of difficulties in your studies. Remember, a prayer to God for light will always help. Your teacher will help you too.
